# K-143 in Saline County gets Mill & Overlay

As of Monday, June 24, 2013, efforts are underway to mill off the surface of K-143 followed by an asphalt overlay. K-143 begins at the K-143/US-81 Interchange then east to Old 81 then south to the K-143/ I-70 Interchange. During construction traffic is reduced to one lane and is being controlled by flaggers during daylight hours. Plans call for this project to be completed on or about July 10<sup>th</sup> weather permitting.

The purpose of this project is to extend the life of the highway while improving the ride experienced by travelers.

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
