# K-14 Bridge in Beloit gets Repaired

Beginning today a bridge on K-14 over the Solomon River at the south city limit of Beloit will be under construction. The purpose of the project is to replace existing expansion joints on the bridge. Plans call for the work zone to reduce traffic to one lane in each direction at a reduced speed for the duration of the project. There is a lane width restriction of 11 ft within the work zone.

Plans call for the project to be completed and all 4 lanes opened to traffic on or about November 9<sup>th</sup> weather permitting.
