## K-14 in Jewell County gets Mill & Overlay Update

The milling of the surface of K-14 work that began Monday, July 22, 2013, has been completed. Plans now call for an asphalt overlay to be applied starting in the next week. The K-14 project begins at the east K-14/US-36 junction then north to the KS/NE State line. During construction traffic will be reduced to one lane and controlled by pilot car at a reduced speed. The work zone shall be in effect during daylight hours. Plans call for this project to be completed by August 31<sup>st</sup> weather permitting.

The purpose of this project is to extend the life of the highway while improving the ride experienced by travelers.

APAC KS Shears Division of Hutchinson, KS, is the prime contractor. Project cost is \$1,907,023.65

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
