# Survey Scheduled for K-140 in Ellsworth County

Surveyors will soon be conducting work on K-140 in preparation of the replacement of a drainage bridge over a tributary of the West Spring Creek 1/2 mile west of the Saline/Ellsworth County line. The survey will extend ¼ mile east and west of the bridge scheduled for replacement. The field survey is scheduled to begin January 17th and will be completed by mid-February, 2013, weather permitting

A member of the survey crew will first contact property owners and/or tenants for permission prior to entering private property. Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.

William Haverkamp, L.S., Party Chief, will be in charge of this survey for the KDOT.

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
