# Survey Scheduled for K-177 in Geary & Morris Counties

Surveyors are now conducting work on K-177 in Geary and Morris Counties. The survey extends from a point just south of the I-70/K-177 interchange south to a point just north of Council Grove. The purpose of the survey is to gather information needed for the detailed design of proposed highway improvements. The survey is scheduled for completion late January, 2013, weather permitting

A member of the survey crew will first contact property owners and/or tenants for permission prior to entering private property. Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.

Rob Selley, L.S., Party Chief, will be in charge of this survey for the KDOT.

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
