## US-36 Mill & Overlay Project in Jewell County

Beginning tomorrow, Wednesday, September 18, 2013, road work will be underway on US-36 in eastern Jewell County. The Mill and Overlay project starts 4.6 miles east of the east US-36/K-14 junction then east to the Jewell/Republic county line. Work will include milling off 3" of the highways surface material followed by a 7" asphalt overlay.

Traffic will be controlled by flaggers and pilot car at a reduced speed. This work zone shall be in effect during daylight hours only. Plans call for the project to be completed in December of 2013 weather permitting.

The purpose of the project is to extend the life of the highway while improving ride quality.
