US-36 Project at RR Crossing Detours Traffic

On September 16th & 17th, 2013, US-36 in eastern Jewell and western Republic Counties will be closed for two days while improvements are made at a Rail Road crossing. The RR crossing is located 1 mile west of the US-36/K-199 junction. In order for the improvements to be made traffic will be detoured for the two days. The work zone begins at the US-36/K-14 junction then east to the US-36/US-81 Interchange.

The detour will take eastbound traffic from the US-36/K-14 junction south on K-14 to K-28 then east on K-28 to K-148 continuing east on K-148 to US-81 then north on US-81 to rejoin US-36. Westbound traffic will follow the same detour in reverse.

The purpose of the project is to extend the life of the RR crossing while improving ride quality.

Plans call for the work to be completed and US-36 reopened to thru traffic late on the 17th.
