Asphalt Sealing Project on US-54 east of Kingman set to begin

Starting around Wednesday, August 29, the Kansas Department of Transportation will begin an asphalt roadway surface sealing project on US-54 highway in Kingman County. This US-54 project starts at east City Limits of Kingman then continues east approximately 2.5 miles to the US-54 transition from two lanes to four lanes.

This highway construction project is scheduled to be completed in September, depending on delays due to adverse weather conditions.

Traffic through this work zone will be controlled by flagmen and pilot car, so drivers can expect delays of up to 15 minutes. Work will be underway during daylight hours only. Highway construction project locations and road condition information can be viewed at the <http://511.ksdot.org> website, or can also be accessed by telephone by dialing 511.

APAC Kansas, Inc.. from Hutchinson is the prime contractor for this \$163,776 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2010. For more information about T-WORKS projects and funding visit the website, www.ksdot.org/tworks.

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through a highway work zone. Persons with questions about the road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Martin Miller, at 620-663-3361 or 1-877-550-5368 (Toll free).
