I-70 Bridge in Geary County gets Repaired

A bridge on I-70 in Geary County is receiving deck patching beginning Monday, Oct 1st. The bridge is located on the westbound lanes at mile marker 313.98 just east of the I-70/K-177 Interchange. Work will begin in the passing lane and will last 4 days. Traffic will be restricted within the work zone to the driving lane and width a width restriction of 14'. October 8th thru the 13th the driving lane of the bridge will be repaired while traffic is restricted to the passing lane. All dates are weather permitting.

The purpose of this project is to repair the deck thereby extending the life of the bridge.
