K-31 project scheduled in Osage County

A Kansas Department of Transportation mill and overlay project is scheduled to begin on K-31 on Tuesday, Aug. 15, conditions permitting. The project covers approximately 6 miles, from the Osage/Wabaunsee county line to Dacotah Street in Burlingame.

The roadway will be reduced to one lane when work is taking place, and traffic will be directed by a pilot car and flaggers. Drivers should plan for delays of up to 15 minutes.

Work will occur during daylight hours Monday through Friday, and Saturdays as needed. It is expected to be complete by late September.

Killough Construction Inc., of Ottawa, is the contractor on the \$1.5 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of highway construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
