## I-70/California Avenue field survey to begin in Topeka

A Kansas Department of Transportation field survey will begin Monday, Aug. 7, on the California Avenue bridge over I-70 in Topeka.

The survey is necessary to gather information for the detailed design of the proposed improvements and is expected to be complete by Oct. 15.

John Lilak, P.S., Survey Project Manager, Bartlett & West, will be in charge of the survey for KDOT.

A member of the survey crew first will contact property owners and/or tenants for permission to enter private property. Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.
