

## **153 – HAULING AND WEIGHING EQUIPMENT**

### **SECTION 153**

#### **MIXING PLANT FOR STABILIZED BASE AND SHOULDERS**

##### **153.1 CENTRAL MIXING PLANT**

Use a stationary mechanical mixing plant designed to blend component aggregates and distribute the required moisture uniformly throughout the mixture. Provide the Engineer with the means to verify the calibration of the plant.

##### **153.2 TRAVELING MIXING PLANT**

Use a traveling mechanical mixing plant designed to blend component aggregates and distribute the required moisture uniformly throughout the mixture without damaging the subgrade. Provide the Engineer with the means to verify the calibration of the plant.
