

**KANSAS DEPARTMENT OF TRANSPORTATION
SPECIAL PROVISION TO THE
STANDARD SPECIFICATIONS, 2007 EDITION**

SECTION 803

FIELD OFFICE AND LABORATORY

Page 800-8, TABLE 803-1, second row on page. Delete the Requirements field (“Provide a private telephone....”) and replace with the following:

Provide a private telephone line service protected from surge voltages. Also, provide Broadband internet connection (for a minimum of 4 computers) to the Field Office and Laboratory (Type A) designated by the Engineer as the primary field office.

Page 800-9, subsection 803.4, add the following after the seventh paragraph:

If the Engineer determines that broadband internet service is not available for "Field Office and Laboratory (Type A)", provide a fax machine, at no additional cost.

If the Engineer determines that broadband internet service is unnecessary for "Field Office and Laboratory (Type A)", the Engineer will reduce the contract unit price for this item by 10%.
