REQUIRED CONTRACT PROVISION
FURNISHING AND PLANTING PLANT MATERIALS

The Contractor shall comply with Section 908 of the Standard Specifications when furnishing and planting plant materials. Add the following at the end of 908.4 Measurement and Payment.

If the Proposal requires a lump sum price for the bid item "Furnishing and planting plant materials", the Contractor will submit a lump sum price in the Unit Prices List for all plant materials the contract requires. The Contractor will also submit a unit cost in this special provision on the "Plant Material Unit Cost List" below for each plant material the contract requires. Even though the bid item is a lump sum price, the Engineer will adjust the lump sum price by any increases or decreases in the quantities shown in the Summary of Quantities. To calculate the adjustment, the Engineer will determine the overrun or underrun quantity for each plant material. The Engineer will multiply any overrun or underrun quantity by the unit cost the Contractor furnished below. The Engineer will increase the lump sum price by the cost of any overruns and decrease the lump sum price by the cost of any underruns. The Engineer will only negotiate or receive new prices on plant materials if such materials were not identified in the original Summary of Quantities.

The Secretary may reject this Proposal if the Contractor fails to complete the "Plant Material Unit Cost List" and fails to submit this special provision with its Proposal.
