

T RANSPORTATION 2000

REPORT TO THE **GOVERNOR**

December 1998

Transportation 2000

Mary E. Turkington
Chair

Bill Graves
Governor

December 16, 1998

The Honorable Bill Graves
Governor of Kansas
Capitol Building, Room 212 S.
Topeka, Kansas 66612

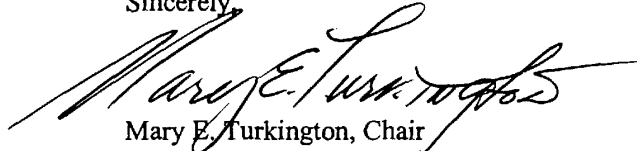

Dear Governor:

On behalf of the 28 members of the Transportation 2000 Study Group, I submit to you our recommendations for a Comprehensive Transportation Program to bring our State into the next century.

We commend you for your vision in seeking input from your fellow Kansans to identify such transportation needs. An overwhelming response from citizens throughout the State strongly endorses your belief that improvements are needed in all modes of transportation and that transportation is a priority for our future.

The members of your Transportation 2000 Study Group were honored to participate in this needs assessment. We offer every appropriate assistance as you address the recommendations of this report.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary E. Turkington". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Mary E. Turkington, Chair
Transportation 2000
