## **K-9 to be chip sealed**

The Kansas Department of Transportation will begin a chip seal project on K-9 from the junction of K-9/U.S. 24 in Beloit continuing east approximately 28 miles to Concordia on July 1.

Construction will take place during daylight hours and traffic will be reduced to one 12-foot lane following a pilot car through the work zone. Drivers should be prepared for a delay of 15 minutes and plan extra time in their travel schedules.

APAC Inc. of Emporia is the prime contractor on the \$800,000 project and have scheduled it to be completed at the beginning of August, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
