## **K-177 bridge replacement in Morris County**

The Kansas Department of Transportation will begin work to replace the bridge over the Munkers Creek arm of the Council Grove Reservoir on Thursday, April 2. The bridge is located approximately 5 miles north of Council Grove in Morris County.

A traffic signal will be used to direct one 11-foot lane of traffic through the work zone at reduced speeds. Traffic should expect delays and plan extra time in their travel schedules.

Scheduled completion for this project has been updated to be completed by March 2021, weather permitting.

Bridges Inc. of Newton is the prime contractor for this \$4.7 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a work zone.
