Resurfacing begins Monday in Geary County

Beginning Monday, Aug. 16, the Kansas Department of Transportation will begin a mill and overlay on K-57 and U.S. 77 in Geary County.

Work on K-57 will extend from the K-57/K-244 junction north over the Milford Reservoir Dam to the North US-77/K-57 junction. Work on U.S. 77 will extend from just south of the K-57 south junction to just north of the south junction. (See attached map.)

Flaggers and a pilot car will direct one lane of traffic through construction. Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules.

Shilling Construction Co. of Manhattan is the prime contractor and has scheduled this \$1.46 million project to be completed by October, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
