Mill/overlay project to begin on K-2, U.S. 160 in Harper County

A $4.2 million mill-and-overlay project on K-2 and U.S. 160 in Harper County is expected to start around March 15.

The K-2 portion of the Kansas Department of Transportation project will be from the north city limits of Anthony north to Harper. The length is about 5 miles.

The U.S. 160 portion will be from the Barber/Harper County line east to the K-2 junction. The length is about 20 miles.

The project is expected to end around early June, depending on the weather.

During the work, traffic will be controlled by flaggers and a pilot car. Motorists should be prepared to slow down and stop for the work zone and expect a delay of up to 15 minutes.

Venture Corp., of Great Bend, is the primary contractor for the $4,235,318 project.

Approximate project locations are marked on the map below.
