

The Green Project is the first phase of the Wichita North Junction Project. The Green Project sets up I-235 to function with future phases of the Wichita North Junction Project.

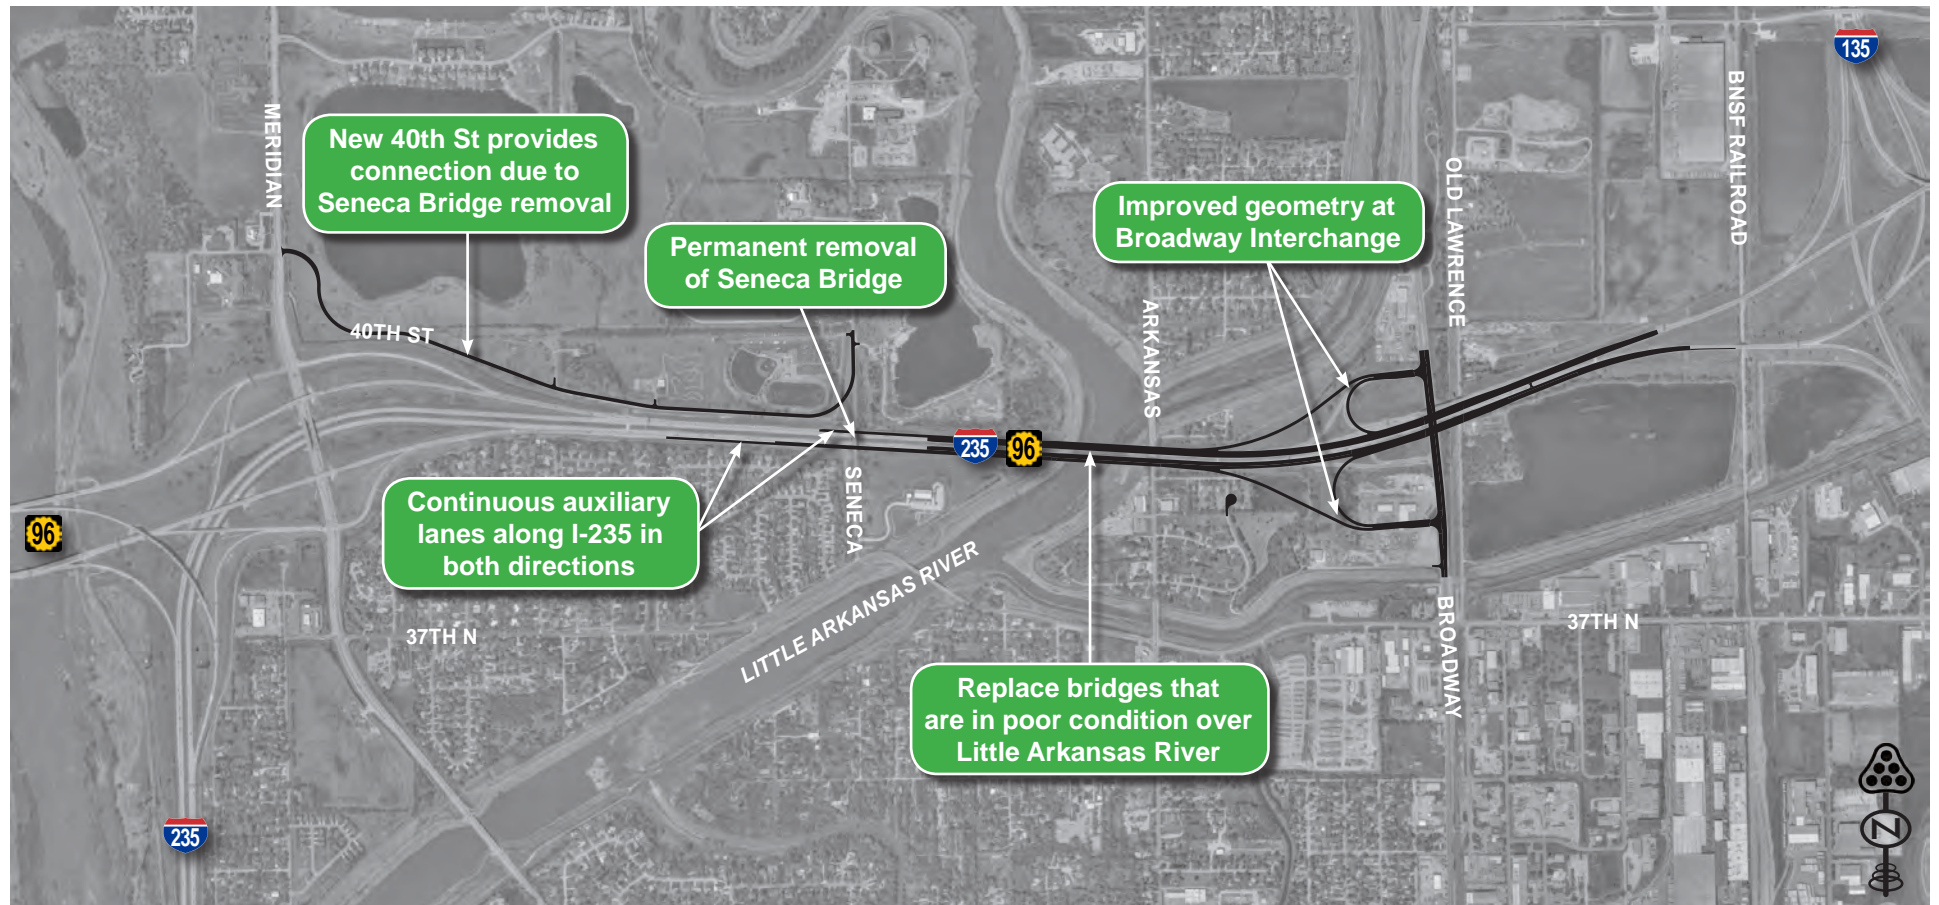

The Green Project will replace aging pavement, the structurally deficient bridges over the Little Arkansas River, and the functionally obsolete bridges over Arkansas Avenue and Broadway Avenue.

It will add continuous auxiliary lanes on I-235 and improve the ramp geometry at the Broadway Avenue Interchange. The project will improve local mobility by removing the Seneca Street Bridge over I-235 and connecting Meridian Avenue to Seneca Street via a new local roadway.

Construction Cost Estimate: \$65 million

Anticipated Construction Start: March 2019

Anticipated Construction End: November 2021

PHASE 1 March 2019 - August 2019

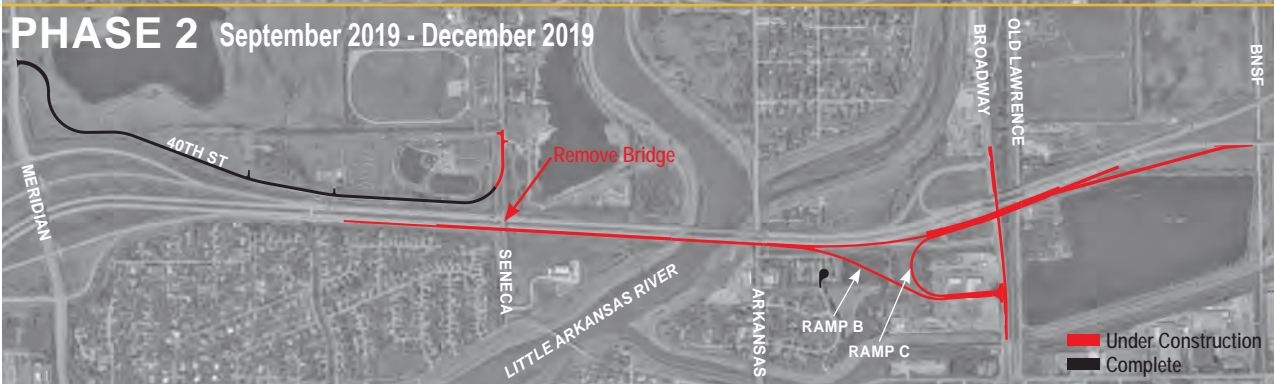

CLOSURES:

- Weekend or off-peak closures of Arkansas Ave, Broadway Ave, & Old Lawrence Rd may occur due to I-235 bridge work during all phases of construction

TRAFFIC:

- I-235 northbound 2 lanes will shift onto the inside lane and shoulder
- Weekend or off-peak lane reductions (from 2 lanes to 1 lane) may occur on I-235 during all phases of construction

PHASE 2 September 2019 - December 2019

CLOSURES:

- Ramp C
- Weekend closure of I-235 for removing the Seneca Bridge

TRAFFIC:

- I-235 northbound & K-96 eastbound will be reduced to 1 lane near Meridian Ave during all remaining phases of construction
- I-235 northbound traffic will maintain the shift from Phase 1
- The existing Ramp B will remain open until new Ramp B is constructed
- Broadway Ave will be reduced to 1 lane in each direction on the existing southbound lanes
- Access will be maintained to all properties on Seneca St north of I-235 via 40th St

PHASE 3 January 2020 - September 2020

CLOSURES:

- Ramp C will remain closed
- Ramps A & D will be closed at the end of this phase

TRAFFIC:

- I-235 northbound traffic will shift to the outside lane and shoulder & on the new bridge over Broadway Ave, BNSF Railroad, & Old Lawrence Rd
- Traffic will shift to the new Ramp B
- Traffic on Broadway Ave will shift to the northbound lanes with 1 lane in each direction

PHASE 4 October 2020 - November 2021

CLOSURES:

- Ramps A, C, & D will remain closed

TRAFFIC:

- I-235 northbound traffic will remain in the Phase 3 configuration
- I-235 southbound traffic will cross-over to the inside lane and shoulder of I-235 northbound
- Concrete median barrier will separate I-235 northbound and southbound traffic
- Traffic on Broadway Ave will switch to its final configuration with 2 lanes in each direction

*Schedule, traffic, & work tasks are subject to change
