A lane on EB & WB K-254, I-135 to Hydraulic will be closed Monday the 8th from 9 am until as late as 3 pm for geologic core samples (to help road and bridge designers plan for future work). NEW

KDOT construction projects affecting traffic

1. Bridge repairs on SB I-135, 17th St. to 1st St.

This year-long bridge repair project includes deck patching, expansion joint repair or replacement, repair of polymer overlay, a new layer of polymer overlay, and striping. Expect multiple lane closures and ramp closures at times.

- **Permanent striping removal and replacement will be completed on 8th/9th St. and 2nd St. exit ramps. Monday closures. NEW**

- **Project finish date is scheduled for June 19.**

2. Bridge repairs on NB I-135, U.S. 54 to 17th St.

Similar to the SB I-135 bridge project, this year-long bridge repair project includes deck patching, expansion joint repair or replacement, repair of polymer overlay, a new layer of polymer overlay, and striping. Expect multiple lane closures and ramp closures at times. Traffic impacts on NB I-135 began Friday, June 5. Normal work week for the project is Friday evening through Wednesday morning.

- **Monday through as late as 6 am on Wednesday, the right lane and adjacent ramps are closed for driving surface repairs. NEW**

- **On Friday, beginning at 7 pm, the left & center lanes will be closed until late Sunday night. Then the right lane and adjacent ramps will close for work on expansion joints and bridge deck repairs. NEW**
3. **Green Project: I-235 from N. Meridian to N. Broadway**

Construction began on March 11, 2019. The first two of four phases of this project will affect only NB I-235/EB K-96 from N. Meridian to N. Broadway. See the [Green Project Fact Sheet](#) for more details on the phasing and the features of the project. Project website at [www.235green.org](http://www.235green.org).

- **Single lane closures on NB I-235** will continue on weekdays from 9 am until 3 pm. Bridge beams are being set on the new bridge lanes over the Little Ark River.

**CONTINUING**

- **Work zone speed limit has been reduced to 50 mph** for both directions of I-235.
- **NB I-235 and EB K-96 are reduced to one lane each as they merge east of Meridian.** Expect some congestion during high traffic situations.
- **The N. Broadway On Ramp to NB I-235 is CLOSED** until the construction of the ramp is completed and NB traffic is moved onto the newly constructed lanes and bridges (probably late 2021)
- **Old Lawrence Road is closed under I-235.** Access to homes and businesses north of I-235 is available via 45th St. North and from N. Broadway. There is no access from 37th St. North.

4. **Bridge Replacements** on I-235 near S. West St.

A two-year, two bridge replacement project over rail tracks west of West St. on both directions of I-235. Initial work to establish crossovers to facilitate single-lane traffic for each direction began March 9. **Long-term ramp closures will be necessary.** Project boundaries are from S. Meridian to south of the I-235/K-42 interchange. Speed through the construction zone is reduced to 50 mph.

- **Single lane traffic has been established for NB & SB I-235** from S. Meridian to south of the K-42 junction, with a crossover for northbound traffic. All traffic is on the SB side.
- **Two ramps are closed: S. Meridian to NB I-235** and West St. to NB I-235. Expect these ramp closures through November.

5. **Bridge Repair on EB & WB US 54 over Tyler Road**

Work **began on April 4**. This six-month project includes deck patching, expansion joints and other repairs.

- **Traffic has been reduced to two lanes for each direction.**

6. **Bridge Repair on EB & WB K-254 near Kechi**
Repair work on a bridge over rail tracks began on May 4. This will be a six-month project.

- Single lane traffic for both directions of K-254 near Oliver.

7. Bridge repairs, pavement patching, asphalt mill & overlay on NB & SB I-235 and EB & WB K-254 from east of Broadway to Hydraulic

Repair work on a bridge over rail tracks began on May 4. This will be a six-month project.

- Single lane traffic for both directions of K-254 near Oliver.

8. Bridge Repair on NB I-135 east of S. Hydraulic St.

A bridge repair project will require single lane traffic on NB I-135 between S. Hydraulic and Pawnee through November.

- Single lane traffic for NB I-135 is in place.

Other projects affecting highway traffic

1) City of Wichita project on East Kellogg    Media Contact: Gary Janzen, 316/268-4450

The reconstruction of Webb Road is nearly complete, frontage roads are functioning as planned and traffic is now on two lanes (each direction) on mainline US 54. The US 54 and Webb Road project on Wichita’s east side is scheduled to wrap up in late 2020. The City of Wichita is administering the project. A website for both pieces of the East Kellogg project is at www.E54ict.com.

- **WB US 54 access to the Kansas Turnpike (KTA) Toll Plaza 50 has changed.**
  From Rock Road, use the south frontage road along US 54 to access the KTA.

- **EB US 54 access to the Kansas Turnpike (KTA) has changed** and drivers are directed to detour onto K-96 at the east end of the construction area.

- **Speed limits are reduced on US 54 to 40 mph. An 11’ lane width restriction and a 15’ vertical restriction is in place on frontage roads through the construction zone.**

2) Kansas Turnpike Authority project on E. Kellogg    Media Contact: Jeri Biehler 316/652-2728.

The East Kellogg project from Greenwich Road to the K-96 interchange began Sept. 19, 2016. A website for both pieces of the East Kellogg project is at www.E54ict.com.

- **The 40 mph US 54 work zone speed limit has been extended to east of the K-96 interchange.**
• An 11’ lane width restriction and a 15’ vertical restriction is in place on frontage roads through the construction zone.

• The EB K-96 Ramp to WB US 54 is closed (until November 2021) for the construction of two bridges over the KTA, a new ramp to WB US 54 and the completion of the US 54 freeway.
