

You are Invited

to the

Put the Brakes on Fatalities
Day news conference and
senior CarFit event

1:30 p.m. on Wednesday, Oct. 10
South steps of State Capitol in Topeka*

Speakers will share personal stories on why traffic safety is so important at the news conference. Afterwards, a CarFit event will take place.

CarFit is a program for senior drivers that provides a quick, yet comprehensive review of how well you and your vehicle work together. Finding out how the fit of your vehicle affects your driving and adjusting your vehicle to your changing needs could make a lifesaving difference.

*In case of inclement weather, speakers will be on the first floor rotunda area and the CarFit will take place in the tunnel under the south steps.

The Kansas Department of Transportation, Kansas Highway Patrol, Kansas Turnpike Authority, AAA Kansas, Kansas Traffic Safety Resource Office, Kansas FHWA, Kansas Contractors Association and other traffic safety organizations across the state are hosting the activities.

CarFit participants will be pre-selected for this event. For more information on future CarFit events in your area, contact the Kansas Traffic Safety Resource Office at 800-416-2522.
