The "Annual Emergency Permit" is not transferable to another company, driver, or vehicle. This permit authorizes nighttime movement to and from a location as long as a verifiable emergency condition exists. At this time, the applicable provisions of a standard/annual permit shall apply. All applicable safety regulations are enforceable at all times. Call 888-877-7627 to report any railroad accidents. Companies shall obtain a current map of posted bridges and restricted bridges to ensure the route traveled does not include crossing any posted bridge or any bridges that are being restricted because of excess weight.
