## PUBLIC TRANSIT

---

Kansas receives Federal-aid for transit services and related programs through the Federal Transit Act. The principal programs of the act provide funding for capital and operation assistance for transport of persons with disabilities, elderly persons and the general public. Kansas annually provides 2.4 million dollars in state funding to these public transportation programs.

### **49 USC 5304**

This program provides financial assistance to states for statewide planning and other technical assistance activities (including supplementing the technical assistance program provided through the Metropolitan Planning Formula Program), planning support for non-urbanized areas, research, development and demonstration projects, fellowships for training in the public transportation field, university research, and human resource development.

### **49 USC 5309**

This program provides funds to public entities to assist in capital projects. Eligible public entities include: states; municipalities, and other political subdivisions of states; public agencies and instrumentalities of one or more states; and certain public corporations, boards, and commissions established under state law. The funds may be used for buses and related facilities, bus related ITS equipment, and construction or modernization of fixed guideway systems. The recipients of funds are usually designated by Congress.

### **49 USC 5310**

This program provides funds to private nonprofit organizations to purchase vehicles and related equipment for providing transportation services to meet

the special needs of elderly persons with disabilities. Grant recipients may provide service to the general public once the immediate needs of all the elderly persons and persons with disabilities have been met. Coordination of transportation services within each service area is encouraged in order to make the best use of existing capital resource.

**INTERCITY BUS  
TRANSPORTATION**

A portion of the 49 USC 5311 program is set-aside for the development and support of intercity bus transportation. Set-aside is 15 percent for each year from the annual apportionment of the 49 USC 5311 program. KDOT will have a statewide study conducted to determine the intercity bus needs in the state. This study will be funded in SFY 2011 and 2012.

### **49 USC 5316**

This program provides funds to local governmental authorities and agencies and nonprofit entities for capital and operating costs of equipment, facilities, and associated capital maintenance items related to providing access to jobs. Also included are the costs of promoting the use of transit by workers with nontraditional work schedules, promoting the use of transit vouchers, and promoting the use of employer-provided transportation including the transit benefits. For Reverse Commute grants, the following activities are eligible: operating costs, capi-

tal costs and other costs associated with reverse commute by bus, train, carpool, vans or other transit service. Job Access grants are intended to provide new transit service to assist welfare recipients and other low-income individuals in getting to jobs, training, and child care. Reverse Commute grants are designed to develop transit services to transport workers to suburban job sites. Projects receiving funding through this program that are located in a Small Urbanized area are included in their Transportation Improvement Program (TIP).
