95th Street & I-35 Bridge Project Scheduled to Reopen in Johnson County

Weather permitting, on **Wednesday, April 23**, eastbound and westbound 95th Street from Marshall Drive to Lenexa Drive will reopen as repair work on the bridge over I-35 is schedule to be completed. In early March, crews began repair work on the bridge abutments and concrete approaches on the 95th Street Bridge that spans I-35. The previous restricted left turn movements from I-35 to 95th Street and from 95th Street to I-35 will also be removed and traffic turn movements will return to normal.

In early May, there will be additional lane restrictions on 95th Street, as crews apply new pavement markings on the 95th Street Bridge spanning I-35. Updated daily lane closure information for the pavement marking project can be viewed online at: www.ksdot.org/kcmetro/laneclose.asp.

Progressive Contractors, Inc. is the primary contractor on this \$440,000 bridge repair project.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through the project work zone. For questions or additional information on this project, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 296-3881 or Ruben Noguera, Field Engineering Administrator, at (913) 764-4525.
