Bridge Repair Work to Begin on I-70 at 38th Street in Wyandotte County

Weather permitting, **on Tuesday, October 14**, repair work will begin on the eastbound I-70 bridge over 38th Street in Wyandotte County. Kansas Turnpike Authority crews will complete repair work to patch existing pavement on the eastbound I-70 over 38th Street Bridge.

On Tuesday, October 14, eastbound I-70 traffic will be reduced to one lane across the bridge. The northbound I-635 to eastbound I-70 ramp will also be closed. **All lane and ramp closures will occur from 9:00 a.m. to 2:30 p.m. that same day.**

There will be no marked detours. Drivers should expect delays and are advised to use alternate routes, if possible.

The Kansas Department of Transportation (KDOT) and the Kansas Turnpike Authority (KTA) urge all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through the project work zone. For more information on this bridge repair project, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 640-9340, or Ed Patterson, Kansas Turnpike Authority, Structural Engineer, at (816) 898-8016.
