The I-35 and Lone Elm Road interchange project, a cooperative project between the Kansas Department of Transportation and the City of Olathe, includes the construction of a new folded, or half diamond, interchange at 159th Street/Lone Elm Road and I-35 in Olathe. Lane closures will occur on both Lone Elm Road and I-35 throughout the duration of the project.

APAC-Kansas, Inc. is the primary contractor on this two-year, \$43 million construction project. The scheduled completion date for the entire interchange project is mid-summer 2010.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through the project work zone.
