Updates from around Kansas & neighboring states

No current updates.

Current National Weather Service Forecast – UPDATED!

Northeast Kansas, including Topeka/Lawrence Metro Area

Today: Partly sunny, with a high near 11. Wind chill values between -9 and 1. North wind between 5 and 10 mph.

Tonight: Partly cloudy, with a low around -3. West wind around 5 mph becoming calm.

There are no active winter weather advisories in effect at this time.

Greater Kansas City Metro Area

Today: Mostly sunny and cold, with a high near 12. Wind chill values between -7 and 1. North northwest wind between 3 and 7 mph.

Tonight: Partly cloudy, with a low around -1. Wind chill values between -5 and -10. North northwest wind around 6 mph.

There are no active winter weather advisories in effect at this time.

Current Road Conditions – UPDATED!

The snow is basically over except for an occasional flurry or two, now we just have very cold temps with wind chill advisories for Monday. KDOT daytime crews will be in between 7-8 a.m. this Monday morning, and the crews that were kept on overnight to monitor conditions will head home to rest up.

Road conditions improved overall during the daytime hours on Sunday, but many roadways throughout northeast Kansas still have snowpacked conditions, from spots to partly snowpacked. Most interstate routes (I-70, I-35, I-470, I-435 and some US- routes) have at least one or two clear driving lanes and the passing lane(s) are now clear as well. However many ramp areas may still be snowpacked/icy in spots, so drivers need to use caution in these areas.

Again, roadways, especially ramp areas, bridges and overpasses, may have slick spots due to the snowpacked and/or possible icy conditions, so drivers should use caution and take it slow while driving on their morning commutes. *See the chart below for current roadway conditions for individual northeast Kansas counties.*

Driver Safety Tips

Please remind DRIVERS as they travel about to:

1. Take it SLOW!
2. Allow plenty of extra drive time.

3. Watch for icy/slick spots on the roadway; don't assume that if the pavement looks clear, that it is.
4. Buckle up every passenger, every time.
5. If they get stranded, to stay with their vehicle and call *47 on a state highway/interstate route (any highway that begins with I-, K-, and US-), *KTA on the Kansas Turnpike, or #911 at anytime.

For travel throughout the overnight and into the early morning hours tomorrow, drivers should use caution, allow plenty of driving time, buckle up (every passenger, every time) and be sure to turn on their headlights, and turn off their cruise control. Drivers should also provide for a safe distance or cushion between themselves and vehicles ahead of them.

We also want to remind drivers to stay a safe distance back from KDOT snow plows, and if drivers should pass the snow plows, to be extra careful and allow plenty of room as the trucks do travel slower than surrounding traffic.

COUNTY/METRO AREA	CURRENT OVERALL ROAD CONDITIONS	New Update Yes/No
KC Metro Area (Johnson/Leavenworth/Wyandotte Counties)	Normal Seasonal Conditions to (JO) to Spots Snowpacked/Ice (LV/WY)	No
Topeka Metro Area (Shawnee County)	Wet/Slush to Spots to Partly Snowpacked/Ice	No
Atchison County	Spots to Partly Snowpacked/Ice	No
Brown County	Spots to Partly Snowpacked/Ice	No
Doniphan County	Normal Seasonal Conditions to Spots Snowpacked/Ice	No
Douglas County	Partly to Mostly Snowpacked/Ice	No
Jackson County	Partly Snowpacked/Ice	No
Jefferson County	Spots Snowpacked/Ice	No
Lyon County	Partly Snowpacked/Ice	No
Marshall County	Normal Seasonal Conditions to Spots to Partly Snowpacked/Ice	No
Nemaha County	Partly Snowpacked/Ice	No
Osage County	Partly to Completely Snowpacked/Ice	No
Pottawatomie County	Spots to Partly Snowpacked/Ice	No
Riley County	Normal Seasonal Conditions to Spots Snowpacked/Ice	No
Wabaunsee County	Normal Seasonal Conditions to Mostly Snowpacked/Ice	No

Current Road Closures for Northeast Kansas

There are no road closures to report for Northeast Kansas.

Updated Road Conditions (via phone or online 24/7)

Updated Kansas road conditions are at your fingertips. **KanDrive** is the new online travel info portal, www.KanDrive.org, that displays information from KDOT's traveler information technology, including highway cameras, dynamic message signs, traffic management centers and 511 phone, online and mobile (<http://511mm.ksdot.org>). Snapshots from more than 30 closed-circuit cameras along I-70 between Topeka and Colorado and along other highways in the state, as well as camera views from the KC Scout system are available through the new online site, so users can see the roadway conditions.

Travelers can also obtain updated road conditions simply by calling 511 from any phone (landline or cellular), or by clicking on the following link: <http://511.ksdot.org>, drivers can obtain updated all of Kansas road conditions at **anytime, day or night.**

Additional weather-related information can be found online at <http://www.ksdot.org/offTransInfo/511Info/511traffictavel.asp>. This KDOT web site link includes informational brochures on 511 Winter Storm Survival, Managing Snow and Ice on Kansas Highways, and Safe Winter Driving Tips. Drivers... "If the weather is bad, remember with ICE AND SNOW, Take it Slow, or just don't go."
