### **US-56 & Moonlight Road Intersection Project Scheduled to Begin in Johnson County**

Weather permitting, on **Monday, March 16**, an intersection improvement project is scheduled to begin at US-56 and Moonlight Road in the city of Gardner (Johnson County). The US-56 and Moonlight Road intersection improvement project, a cooperative project between the Kansas Department of Transportation and the City of Gardner, includes storm sewer installation, grading, pavement surfacing, lighting and landscape work. Crews will work daily Monday through Friday, during daylight hours only.

Traffic will be restricted on Moonlight Road to 10-foot width lanes. Local access will be provided to all businesses throughout the duration of the project. Drivers should expect minimal to no delays and are advised to use alternate routes, if possible.

Amino Brothers Co., Inc. is the primary contractor on this two-year, \$9.4 million construction project. The scheduled completion date for the entire project is late November 2010.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through the project work zone. For questions or additional information, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 640-9340 or Ruben Noguera, Field Engineering Administrator, at (913) 764-4525.
