Asphalt roadway surface seal project on US-56 Highway in Edwards and Pawnee Counties

Starting around Monday, August 11, the Kansas Department of Transportation (KDOT) will begin an asphalt road surface sealing project on US-56 Highway in Edwards and Pawnee Counties, from the east city limits of Kinsley to the west city limits of Larned.

Traffic through this work zone will be controlled by flagmen and pilot car, so drivers can expect delays of 15 minutes or less. There will be a 12 foot width restriction in the work zone, so vehicles with widths wider than 12 feet will need to use an alternate route. The work area will move daily and work will be underway during daylight hours only. This project is scheduled to be completed by September, depending on delays caused by adverse weather conditions.

APAC Kansas Inc. Shears Division, from Hutchinson, is the prime contractor for this $740,701.26 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2010. For more information about T-WORKS projects and funding visit the website, www.ksdot.org/tworks. Highway construction
project locations and road condition information can be viewed at the
http://511.ksdot.org website, or can also be accessed by telephone by dialing 511.

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a
Brake!” when approaching and driving through a highway work zone. Persons with
questions about this road work or other KDOT projects can call South Central Kansas
Public Affairs Manager, Martin Miller, at 620-663-3361 or 1-877-550-5368 (Toll free).
