223rd Street bridge patching next week

Maintenance workers with the Kansas Department of Transportation (KDOT) plan to place asphalt patching on the 223rd Street bridge over U.S. 169 at Spring Hill next week. The patching operation begins Monday, Aug. 15, and continues through Wednesday, Aug. 17, weather permitting.

223rd St. traffic will be reduced to one lane controlled by flaggers at the work zone. The on/off ramps at the interchange of U.S. 169/223rd St. will be closed during the patching operation; however, all lanes of U.S. 169 will remain open to unrestricted traffic.

Kevin Ryan, superintendent at the KDOT Garnett office, reminds drivers to obey the signs and flaggers and “Give ‘Em a Brake!” in the work zone. Persons with questions concerning the road work may contact Ryan, (785) 448-5446, or Priscilla Petersen at 1-877-550-5368.
