U.S. 400 repairs in Wilson County

Beginning Tuesday, Sept. 16 and continuing for the rest of this week, weather permitting, maintenance workers with the Kansas Department of Transportation (KDOT) will make repairs on U.S. 400 two miles southeast of Fredonia.

Crews will repair failed concrete sections of the roadway with asphalt and install a French drain. A flagging operation will direct one-lane traffic through the work zone during daylight hours. Travelers can expect delays of two to five minutes.

Independence KDOT Superintendent Marcus Leck reminds motorists to obey the signs and flaggers, slow down and “Give ‘Em a Brake!” Persons with questions concerning the project may contact Leck at (620) 331-3760 or Priscilla Petersen at 1-877-550-5368.
