K-99 resurfacing projects begin in September

The Kansas Department of Transportation (KDOT) expects on Thursday, Sept. 3, to begin two projects to resurface K-99 in Elk and Greenwood counties.

The mill and overlay project area starts at the east junction of U.S. 160 and continues north to U.S. 400.

Flaggers and a pilot car will direct one-lane traffic through the work zone during daylight hours; expect delays of 15 minutes or less.

The resurfacing work should be finished in one month, weather permitting. Cornejo & Sons, Wichita, is contractor on the projects, which have a combined construction cost of \$1.9 million.

Drivers are reminded to obey the signs and flaggers, and to slow down. Persons with questions may contact Geryd Erbele, (620) 577-7314, or Priscilla Petersen, (620) 902-6433.
