KDOT to start work on K-99 improvements

The Kansas Department of Transportation (KDOT) plans to start a project to make improvements on the K-99 corridor in Chautauqua County during the week of March 16, weather permitting.

Project activity includes installing reflective delineators along 14 miles of K-99, from Sedan north to the Chautauqua-Elk county line; and improving the slopes at the intersection of K-99 and Quivira Road.

KDOT awarded the construction contract of \$158,000 to B&B Bridge, LLC, of St. Paul.

A pilot car and flaggers will guide one-lane traffic through the work zone as the delineators are placed along the highway. Expect delays of 15 minutes or less during daylight hours.

The project should be completed in one month, weather permitting. Persons with questions may contact Darrin Petrowsky at KDOT-Independence, (620) 577-7312, or Priscilla Petersen at KDOT-Chanute, (620) 902-6433.
