Resurfacing to begin in Scott County

Traffic changes are scheduled to start on Aug. 29 along U.S. 83 from the U.S. 83/K-96 junction to the Scott/Logan county line, according to the Kansas Department of Transportation.

U.S. 83 traffic will be reduced to one lane through the project area. Motorists should be aware of delays of up to 15 minutes as one-lane traffic will be directed by flaggers and a pilot car through the work zone. The lane reduction will be marked by signs and cones. When construction is not taking place, U.S. 83 will be open to normal traffic.

Venture Corporation of Great Bend is the contractor on this \$5.4 million project, which is expected to be completed by the end of September, weather permitting.

The map below shows the location of the project

For more information on this project, contact Craig Schlott, P.E., Construction Engineer, at (620) 765-7096, or Yazmin Moreno, KDOT District 6 Public Affairs Manager, at (620) 260-6397.
