US-50 project in Kearny County set to begin

The Kansas Department of Transportation expects a resurfacing project on U.S. 50 in Kearny County to begin by Monday, March 24, weather permitting. The project runs from the east city limits of Lakin to the Kearny/Finney county line.

During construction, traffic will be limited to one lane through the work zone, guided by a pilot car. Drivers can expect delays of 15 minutes or less. The Kansas DOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

KDOT expects work on this project to be completed by the end of May, depending on weather. APAC-Kansas, Shears Division, of Hutchinson, is the primary contractor for this and another resurfacing project on K-25 in Kearny and Wichita counties, with a combined contract cost of approximately $4.8 million. The work on K-25 will begin once the work is completed on U.S. 50.

If you have questions on this project, you can call Larry Meyer, Construction Manager, at 620-384-7821 or Kirk Hutchinson, KDOT Southwest Public Affairs Manager, at 1-877-550-5368 (toll free).

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
