## **Resurfacing on K-209 to begin Monday in Dickinson and Morris counties**

Beginning Monday, May 8, the Kansas Department of Transportation will begin a resurfacing project for multiple locations, beginning with K-209 in Dickinson and Morris counties.

The project will begin work on K-209 in Dickinson and Morris counties continuing west from the K-209/U.S. 77 junction to Woodbine. Work at this location is scheduled to be completed in mid-May.

Other project locations the contractor will move to include the K-244 spur in Geary County, continuing north from the K-244 junction to the K-57 junction and K-189 in Cloud County, continuing north from the east city limits of Miltonvale to U.S. 24.

Flaggers and a pilot car will direct one 12-foot lane of traffic through the construction zone. Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules.

Shilling Construction Co. of Manhattan is the prime contractor for this \$885,434 project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all highway construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
