## Go Orange for National Work Zone Awareness Week

Buildings and bridges across Kansas will be lit up in orange lights to help raise awareness of work zone safety for the week of April 11-15.

Numerous KDOT buildings across the state will be lit in orange as well as -

- **Governor's Mansion** in Topeka
- **Visitors Center** in the Capitol
- Front of the **Topeka City Hall** building
- **Travel Information Center** on I-70 near Goodland

People also are encouraged to wear something orange as part of **Go Orange Day in Kansas on Wednesday, April 13**, to show their support and appreciation for highway workers and their efforts.

**Stories will be shared each day** by highway workers and highway contractors about their experiences in work zones here [Kansas Transportation: National Work Zone Awareness Week 2022](#). Other information can be found on the KDOT website [here](#).

The Go Orange effort is part of National Work Zone Awareness Week, a national safety campaign that KDOT and numerous partner organizations participate in every year. The campaign highlights the dangers faced by highway workers and motorists in work zones and promotes safer behaviors.

*Below: The Governor's Mansion in Topeka was lit in orange last year as part of National Work Zone Awareness Week.*
