Patching project on U.S. 160 through Elk County

Maintenance workers with the Kansas Department of Transportation (KDOT) have started an asphalt patching project on U.S. 160 through Elk County.

Traffic will experience delays of three to five minutes between 8:00 a.m. and 3:00 p.m. weekdays. Flaggers and/or a pilot car operation will guide traffic through the work zone. KDOT expects the work to be completed in three weeks, weather permitting.

Independence Area KDOT Superintendent Marcus Leck reminds motorists to obey the signs and flaggers, slow down and “Give ‘Em a Brake!” Persons with questions concerning the project may contact Leck at (620) 331-3760 or Priscilla Petersen at 1-877-550-5368.
