KDOT selects 35 projects for KLINK funding

Thirty-five projects totaling $11.7 million in overall cost and $6.3 million in state funds have been selected for funding under the Kansas Department of Transportation’s 2014 city connecting links (KLINK) resurfacing program.

“KLINK projects are important to communities statewide providing funding to address roadway surfacing needs on city connecting links of the State Highway System,” said Secretary of Transportation Mike King. “Projects range in scope from surface replacement and overlay to minor patching and joint repair."

Through the Local Partnership Program, the state’s participation in the cost of the project is 75 percent for cities with a population of less than 10,000 or 50 percent for cities with a population of 10,000 or greater, up to a maximum of $200,000.

District One – Northeast

Atchison – K-7 from 10th Street and Main to the north city limits, mill, overlay and pavement marking; Emporia – U.S. 50 from Commercial Street to Peyton Street and Corinth Street to the east city limits, mill, overlay, sidewalk ramps. Lawrence – U.S. 59 from south of 29th Street to the south city limits, mill, overlay, traffic loops, pavement marking, ramps; Kansas City – U.S. 69 from Tauromee Avenue to Washington Boulevard; mill, overlay, traffic loops, pavement marking, ramps; Leavenworth – U.S. 73 from Walnut Street to Shawnee Street and from Pottawatomie Street to Cheyenne Street; K-92 from Sixth Avenue to Central Avenue, mill and overlay; Manhattan – K-18 from K-113 to the Wildcat Creek bridge, mill and overlay;
Osage City – K-31 from the east edge of 7th Street to the west edge of 10th Street, mill and overlay;

District Two – North Central

Beloit – K-14 from the junction of U.S. 24 south ¾ mile, mill and overlay; Clay Center – K-15 from the south city limits to Sherman Street, mill, overlay and striping; Clifton – K-9 at the intersection of West and Parallel streets, concrete pavement; Concordia – K-9 from Archer Street east to Cloud Street, mill and overlay; McPherson – U.S. 56 from Maxwell Street to Hartup Street, mill and overlay; Moundridge – K-260 at the intersection of Christian Avenue and Cole Street, concrete pavement.
