Maintenance work to begin on K-18 near Manhattan

Drainage maintenance and concrete box repairs are scheduled to begin on Tuesday, April 26, weather permitting, on K-18 just east of Manhattan.

The Kansas Department of Transportation maintenance crews will be working on K-18 from the west junction to near the east junction of Harwood Road. Traffic at this location will be controlled by temporary traffic signals for approximately two weeks. Advanced signing and cones will mark the work zone.

Work will occur Monday through Friday, but the traffic signal will be in place for the duration of the project. Motorists should plan for delays of up to 10 minutes.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
