Work to begin on K-31, K-195 in Wabaunsee County

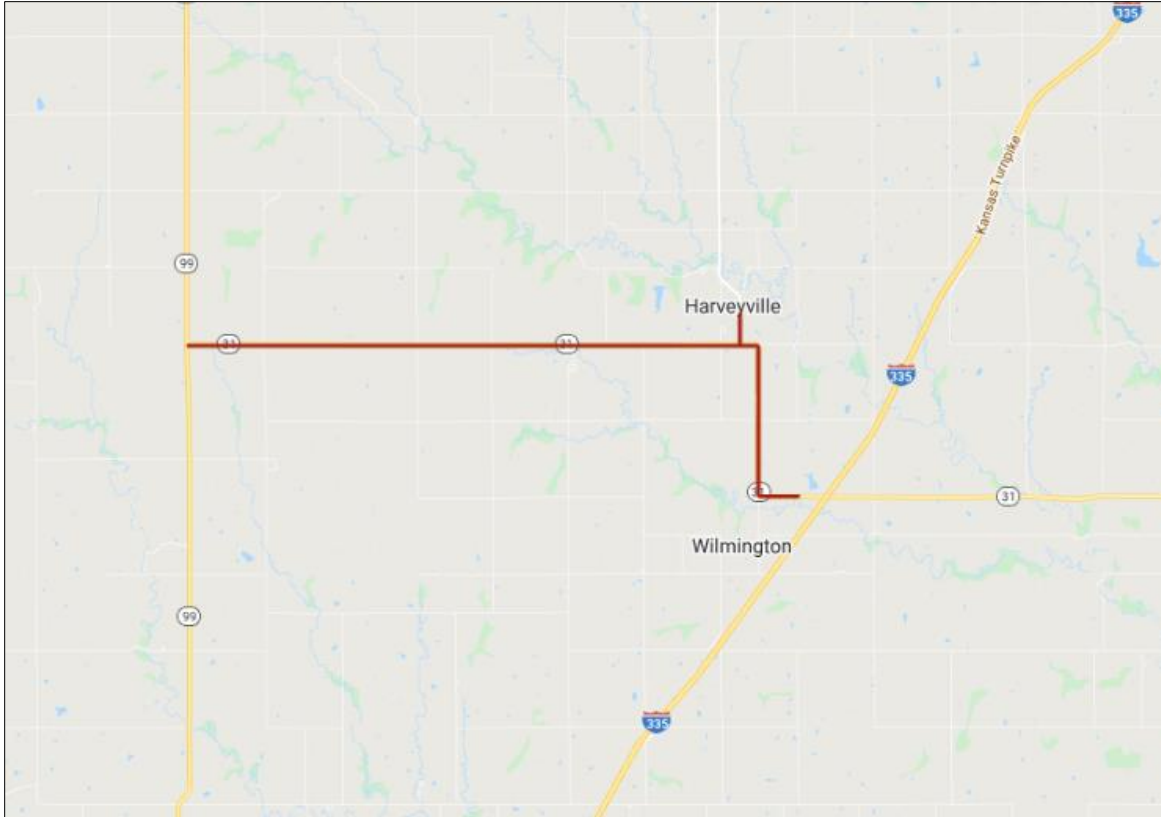

A milling and overlay project in Wabaunsee County is scheduled to begin Thursday, May 5, weather permitting. The project covers approximately 10 miles of K-31, from K-99 to the Osage County line, and less than one mile of K-195, from K-31 to Harveyville.

According to the Kansas Department of Transportation, traffic will be restricted to one lane in the work zone and will be directed by a pilot car, flaggers, signs and cones. Drivers should plan for delays of up to 15 minutes and add extra time in their travel schedules.

Work will take place Monday through Friday, and Saturdays as needed, during daylight hours. Estimated completion is mid-June.

Shilling Construction Co., of Manhattan, is the contractor on the \$1.55 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
