724.2 MATERIALS
Provide materials for bridge backwall protection systems that comply with DIVISION 1700. Use non-coal tar materials for box culverts.

724.3 CONSTRUCTION REQUIREMENTS
Provide the Engineer with a copy of the manufacturer’s recommendations for application. If approved by the Engineer, apply the bridge backwall protection system as recommended by the manufacturer.

724.4 MEASUREMENT AND PAYMENT
The Engineer will measure the bridge backwall protection system by the square yard to the limits shown in the Contract Documents.
Payment for the "Bridge Backwall Protection System" at the contract unit price will be full compensation for the specified work.
