Recreational Trails

RECREATIONAL TRAILS PROGRAM

The newly enacted Bipartisan Infrastructure Law (BIL) like the FAST Act before continues to fund the recreational trails program (RTP) as a set aside of the Transportation Alternatives (TA) set aside of the Surface Transportation Block Grant (STBG) program. The amount of federal funding reserved for the RTP continues at the same levels provided under previous authorizations unchanged since 2009 at \$84 million. For RTP, a portion of the State of Kansas TA set aside funds equal to the apportionment that the State of Kansas received for RTP in 2009 (with a 1 percent deduction being returned to FHWA for administration as outlined in the act) is the funding amount used for recreational trails in the four years of this STIP. For Kansas this amount is \$1.37 million for each year of this STIP.

The stagnation in funding authorization for the RTP strains the ability of the program nationally and of Kansas specifically to meet the defined goals of the program. The inflation currently being experienced only exacerbates the situation. However, a review is underway to assess whether the total amount of nonhighway recreational fuel taxes transferred to the Highway Trust Fund for the RTP reflects the dollars being received in taxation by the federal government. If the review finds an imbalance, a change to the RTP funding may be warranted. If a change to authorization levels is made, this document will be updated accordingly.

The RTP program provides funds to develop and maintain recreational trails and trail related facilities for both motorized and non-motorized trail uses. The requirements and provisions under section 206 of title 23 remain in effect including the funding ratio requirement that 40 percent of funds be delegated for diverse use, 30 percent for motorized recreation use and 30 percent for nonmotorized recreation use when making project selections.

In Kansas, at the authority of the Governor, administration of the recreational trails program is the responsibility of the Kansas Department of Wildlife and Parks (KDWP) (https://ksoutdoors.com/). Since RTP projects are not under the administration of KDOT, the RTP projects are not included in project listings in Appendixes A-C of this document. Instead, RTP master projects for the 2023-2026 Federal Fiscal Years STIP are listed on the pages following this discussion. All RT projects are funded based on a ratio of 80 percent federal funds with a 20 percent local or state (KDWP) match.

KDWP is responsible for project solicitation, selection, and management of RTP projects. For further information concerning RTP in Kansas, please contact:

> Cherie Riffey Parks Division, KDWP 512 SE 25th Avenue Pratt, KS 67124 (620) 672-5911 Cherie.Riffey@KS.GOV
