Appendix E: Conceptual K-10 Mainline Layout
The "K-10 Extension" shown on this figure is one of two possible future freeway-to-freeway connections at the existing intersection of K-10 and 77th North Road. The other possible future connection is with I-70 and US 640 on the northwest side of Lawrence. Either connection at this location will allow K-10 to continue as a freeway without traveling through Lawrence. This study did not include any assumptions about which connection will be pursued in the future by KDOT, the City of Lawrence or Douglas County. Further study will be necessary to define the type, location and right-of-way needs for the assumed future interchange.
