110th Street Improvement Project at I-70 to Begin in Wyandotte County

Weather permitting, on Monday, September 27, an improvement project will begin on northbound and southbound 110th Street from just south of eastbound I-70 to Riverview Road in Wyandotte County. Crews will widen 110th Street from two lanes to four lanes in each direction. Project work will take place during daylight hours, Monday through Friday, with some possible Saturday work.

Beginning at 2:30 p.m. on Monday, September 27, 110th Street will be closed from just south of I-70 to Riverview Road and will remain so throughout the project duration. Then on Monday, October 4, Riverview Road will close to all traffic at 110th Street and will remain so throughout the project duration. No marked detours will be provided. All ramps at the I-70 and 110th Street interchange will remain open to traffic. Drivers must use alternate routes during the roadway closure. Updated daily lane closure information for this project can be viewed online at: www.ksdot.org/kcmetro/laneclose.asp.

Miles Excavating is the primary contractor for this $372,000 improvement project. The scheduled completion date for the entire project is late December 2010.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through the project work zone. For more information on this project, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 640-9340, or Amy Pope, Bonner Springs Construction Engineer, at (913) 721-2754.
