FOR IMMEDIATE RELEASE

For Friday/Tuesday, July 2-6, 2010 in Wyandotte County

I-70/KTA & K-7 Interchange

As of 2:30 p.m. TODAY, Friday, July 2, the eastbound I-70 to K-7 entrance ramp was closed and will REMAIN CLOSED at least through the weekend (and possibly longer) due to damage caused to the bridge by an oversized semitrailer travelling underneath the bridge. Damage was caused to the bridge structure and further inspection will be needed to assess the total damage and repairs needed.

Eastbound I-70/KTA traffic entering onto K-7 will enter on the left side of the ramp over the ramp bridge. Eastbound I-70/KTA traffic exiting K-7 will be directed to 110th Street to turn around and head back to exit to K-7. Drivers should expect delays and are advised to use alternate routes if possible.

We will advise you when the ramp bridge reopens to all traffic.
