TRAFFIC ALERT

Kansas Department of Transportation Traffic Alert

News Contact: Kimberly Qualls, (785) 640-9340 or kqualls@ksdot.org

FOR IMMEDIATE RELEASE

For Monday, September 13 to early October 2010 – Johnson County

K-10

Weather permitting, on Monday, September 13 at 9:00 a.m., eastbound will be reduced to one lane (left lane closed, then right lane) from Woodland Avenue to Ridgeview Road for repair work on the bridge spanning the Union Pacific railroad tracks. Work will be completed on the left side of the bridge, then the right side. Crews will complete repair work on the bridge expansion joints.

Advance message boards will alert traffic to the lane closure. Traffic will be directed across the bridge round the clock (24/7) via signage and concrete barriers. Updated lane closure information for this bridge repair project can be viewed online at: www.ksdot.org/kcmetro/laneclose.asp.

Traffic will be restricted to an 11-foot maximum lane width during the duration of the project. The speed limit will be restricted to 45 mph round the clock (24/7) throughout the duration of the project. Drivers should expect minor delays and are advised to use alternate routes, if possible.

Project work is scheduled to be completed in early October 2010, weather permitting.
