There are no active winter weather advisories in effect at this time.

Current Road Conditions

Snow has begun falling throughout some northeast Kansas counties. KDOT crews are out plowing and treating in those areas where snow is accumulating on the roadways. Crews did not pre-treat for this winter storm as there was still salt/sand on the roadways from this past week's storm (treated on Wednesday).

Roadways may become slick due to the new snow, so drivers should use caution and take it slow while driving overnight and into the early morning hours. See the chart below for current roadway conditions for individual northeast Kansas counties.

Driver Safety Tips

Please remind **DRIVERS** as they travel about to:

1. Take it **SLOW!**

2. Allow plenty of extra drive time.
3. Watch for icy/slick spots on the roadway; don't assume that if the pavement looks clear, that it is.
4. Buckle up every passenger, every time.
5. If they get stranded, to stay with their vehicle and call *47 on a state highway/interstate route (any highway that begins with I-, K-, and US-), *KTA on the Kansas Turnpike, or #911 at anytime.

For travel throughout the overnight and into the early morning hours tomorrow, drivers should use caution, allow plenty of driving time, buckle up (every passenger, every time) and be sure to turn on their headlights, and turn off their cruise control. Drivers should also provide for a safe distance or cushion between themselves and vehicles ahead of them.

We also want to remind drivers to stay a safe distance back from KDOT snow plows, and if drivers should pass the snow plows, to be extra careful and allow plenty of room as the trucks do travel slower than surrounding traffic.

COUNTY/METRO AREA	CURRENT OVERALL ROAD CONDITIONS	New Update Yes/No
KC Metro Area (Johnson/Leavenworth/Wyandotte Counties)	Normal Seasonal Conditions	No
Topeka Metro Area (Shawnee County)	Spots Snowpacked/Ice	Yes
Atchison County	Normal Seasonal Conditions	No

Current Road Closures for Northeast Kansas

There are no road closures to report for Northeast Kansas.

Updated Road Conditions (via phone or online 24/7)

Updated Kansas road conditions are at your fingertips. **New!! KanDrive** is the new online travel info portal, www.KanDrive.org, that displays information from KDOT's traveler information technology, including highway cameras, dynamic message signs, traffic management centers and 511 phone, online and mobile (<http://511mm.ksdot.org>). Snapshots from more than 30 closed-circuit cameras along I-70 between Topeka and Colorado and along other highways in the state, as well as camera views from the KC Scout system are available through the new online site, so users can see the roadway conditions.

Travelers can also obtain updated road conditions simply by calling 511 from any phone (landline or cellular), or by clicking on the following link: <http://511.ksdot.org>, drivers can obtain updated all of Kansas road conditions at **anytime, day or night.**

Additional weather-related information can be found online at <http://www.ksdot.org/offTransInfo/511Info/511traffictavel.asp>. This KDOT web site link includes informational

brochures on 511 Winter Storm Survival, Managing Snow and Ice on Kansas Highways, and Safe Winter Driving Tips. Drivers...“If the weather is bad, remember with ICE AND SNOW, Take it Slow, or just don’t go.”

Media Outlets

For more information and/or to schedule an interview (live/pre-recorded), you can reach me 24/7 on my cell phone at (785) 640-9340 (early morning/overnight, evenings, and weekends included).

Thanks for your continued support! Be safe, don’t text & drive. Know B4 U Go!
