**Current National Weather Service Forecast – UPDATED!**

**Northeast Kansas, including Topeka/Lawrence Metro Area**

**Today:** Snow likely, mainly before noon. Cloudy, with a high near 16. Wind chill values between -2 and 5. Northeast wind between 5 and 10 mph. Chance of precipitation is 70%. Total daytime snow accumulation of less than one inch possible.

**Tonight:** A chance of flurries. Cloudy, with a low around 3. Wind chill values between -1 and -6. North wind around 5 mph.

**There are no active winter weather advisories in effect at this time.**

**Greater Kansas City Metro Area**

**Today:** Light snow likely before noon, then a chance for flurries. Cloudy and cold, with a high near 15. Wind chill values between zero and 5. East northeast wind around 7 mph. Chance of precipitation is 70%. Total daytime snow accumulation of less than a half inch possible.

**Tonight:** Mostly cloudy, with a low around -2. Northeast wind around 6 mph becoming calm.

**There are no active winter weather advisories in effect at this time.**

**Current Road Conditions – UPDATED!**

**Snow will continue on and off into early afternoon today in all northeast Kansas counties. KDOT overnight crews are heading home and daytime crews are heading out on the roadways. Crews will continue to plow throughout the day and as temperatures increase to the high in the low teens, crews may begin more treating with a sand/salt mixture as the morning progresses.**

**Crews have been only treating slick spots, mainly on bridges/overpasses/ramps. During the overnight/early morning hours, crews did not want to create melting on the roadways as the precipitation can refreeze instantly with the frigid single-digit temperatures.**

**Most interstates have at least one or two clear driving lanes (with occasional spots of snow) but ramps and passing lanes are snowpacked. It will take a while today to get the roadways cleared off more as a result of the cold temps, but daytime crews hope to treat the roadways more with a salt/sand mixture and increased traffic may help expedite some melting.**

**Roadways may be slick due to the snowpacked conditions, so drivers should use caution and take it slow while driving throughout the day today. See the chart below for current roadway conditions for individual northeast Kansas counties.**

## Driver Safety Tips

Please remind DRIVERS as they travel about to:

1. Take it SLOW!
2. Allow plenty of extra drive time.
3. Watch for icy/slick spots on the roadway; don't assume that if the pavement looks clear, that it is.
4. Buckle up every passenger, every time.
5. If they get stranded, to stay with their vehicle and call \*47 on a state highway/interstate route (any highway that begins with I-, K-, and US-), \*KTA on the Kansas Turnpike, or #911 at anytime.

*For travel throughout the overnight and into the early morning hours tomorrow, drivers should use caution, allow plenty of driving time, buckle up (every passenger, every time) and be sure to turn on their headlights, and turn off their cruise control. Drivers should also provide for a safe distance or cushion between themselves and vehicles ahead of them.*

*We also want to remind drivers to stay a safe distance back from KDOT snow plows, and if drivers should pass the snow plows, to be extra careful and allow plenty of room as the trucks do travel slower than surrounding traffic.*

COUNTY/METRO AREA	CURRENT OVERALL ROAD CONDITIONS	New Update Yes/No
KC Metro Area (Johnson/Leavenworth/Wyandotte Counties)	Partly (JO) to Mostly Snowpacked/Ice (LV/WY)	No
Topeka Metro Area (Shawnee County)	Partly Snowpacked/Ice	No
Atchison County	Completely Snowpacked/Ice	Yes
Brown County	Mostly to Completely Snowpacked/Ice	Yes
Doniphan County	Mostly to Completely Snowpacked/Ice	Yes
Douglas County	Completely Snowpacked/Ice	No
Jackson County	Partly to Mostly Snowpacked/Ice	Yes
Jefferson County	Partly Snowpacked/Ice	No
Lyon County	Completely Snowpacked/Ice	No
Marshall County	Spots to Partly Snowpacked/Ice	No
Nemaha County	Mostly Snowpacked/Ice	No
Osage County	Completely Snowpacked/Ice	No
Pottawatomie County	Partly to Completely Snowpacked/Ice	Yes
Riley County	Spots to Completely Snowpacked/Ice	No
Wabaunsee County	Completely Snowpacked/Ice	No

## Current Road Closures for Northeast Kansas

There are no road closures to report for Northeast Kansas.

## Updated Road Conditions (via phone or online 24/7)

Updated Kansas road conditions are at your fingertips. **KanDrive** is the new online travel info portal, [www.KanDrive.org](http://www.KanDrive.org), that displays information from KDOT's traveler information technology, including highway cameras, dynamic message signs, traffic management centers and 511 phone, online and mobile (<http://511mm.ksdot.org>). Snapshots from more than 30 closed-circuit cameras along I-70 between Topeka and Colorado and along other highways in the state, as well as camera views from the KC Scout system are available through the new online site, so users can see the roadway conditions.

Travelers can also obtain updated road conditions simply by calling 511 from any phone (landline or cellular), or by clicking on the following link: <http://511.ksdot.org>, drivers can obtain updated all of Kansas road conditions at **anytime, day or night.**

Additional weather-related information can be found online at <http://www.ksdot.org/offTransInfo/511Info/511traffictavel.asp>. This KDOT web site link includes informational brochures on 511 Winter Storm Survival, Managing Snow and Ice on Kansas Highways, and Safe Winter Driving Tips. Drivers... "If the weather is bad, remember with ICE AND SNOW, Take it Slow, or just don't go."
